

United Chen Industrial Co., Ltd.

Shoe-making machines, automatic sole edge grinding & forming machines, high-speed splitting machines, surface grinding roughen machines

Founded in 1980, United Chen Industrial Co., Ltd. has worked on plastic processing machines for shoes roughing, hydraulic pressing, shoes forming, rubber processing, and EVA foaming for over three decades, supplying profile cutting machines, automatic sole-edge grinding and forming machines, surface grinding roughen machines, lasting machines, strip-cutting machines, highspeed splitting machines, pattern-reforming machines, automatic heel/sole rough-grinding machines, and automatic sole slope-cutting machines, etc.

Mostly thanks to decades-long concentration on R&D, the company has exported to over 20 nations, including the U.S., Canada, Japan, Indonesia, China, Vietnam, Thailand, Mexico, the Philippines, Malaysia, Cambodia, and India, with big-name customers as Reebok, Nike, Mizuno, Adidas and Puma.

The Taiwan-headquartered company runs a modern factory spread over 12,000 square meters and a customer service center in China, which has been certified by ISO 9000. Focused on R&D, excellent quality and customer satisfaction, the supplier has

developed more than 120 shoemaking machine models since its inception, which are mostly proven as top-tier products that perfectly meet Customers' production requirements
